

PROUD TO BE *perfectionists!*

At Customline Joinery we are proud to be perfectionists who craft timber into lasting art structures for your home or office. It's not just a door or a window to us, it's an art form. Everything we make is practical, beautiful, tooled to the highest creative level and built to last for ever.

We offer a full service from start to finish – wherever you are. We can produce detailed drawings for your approval, modifying to your specifications until you sign off on the design and we put the piece into production. We also deliver direct to site or delivery depot, so when you hire Customline, you get a complete, professional service from the first contact.

Customline has an established reputation as Master Craftsmen and we have a huge portfolio of different joinery designs, from windows, doors, stairs, mouldings etc. We will help you realise your dream for your home – our job is to make your vision functional, practical and beautiful. And we will.

Customline Joinery is a family owned and operated business based in the traditional timber town of Wauchope. For over 20 years we have been working hard to build and maintain our reputation for excellence. We are all specialist joiners and master craftsmen and we specialise in exceptional quality architectural joinery.

We pride ourselves on the design and manufacture of the finest hand-crafted, custom made timber doors, windows and stairs.

We are passionate about timber, function and form and are perfectionists in all we undertake. We guarantee you will love our work.
